External Conducts Standards requirements

- Sending resources to support overseas activities ought only be done when the cause is known, monitored, and, so far as is possible, trusted.
- Identify and document all instances of support where External Conduct Standards apply.
- This is a one-off exercise for your Missions Committee or Deacons, to be reviewed annually, and only changed if there are alterations to the overseas causes that are being supported.
- It is important to have an agreed statement of the purpose of the overseas cause and to be able to demonstrate alignment with the constitution of the church.
